Shade Lite sail canopy

Price: £420.00

Omega can supply lightweight **Shadelite** fabric sail canopies that provide elegant sun shading. They are portable and easily assembled and are ideal for summer and occasional use.

Its advanced design uses the latest technology to provide a simple, wrinkle-free canopy that suits any location and provides instant protection from sun and showers. The teflon coated ripstop canopy makes it easy to clean and store. You can peg the Shade Lite Canopy out in minutes creating instant shade anywhere in the garden or for days out in the park.

The canopy is supplied with a carrying bag and can be supplied with either a deck or lawn kit to enable you to fit it on the different surfaces. When the sail canopy is fully tensioned (with the deck kit) it can withstand those windy summer days (rated to 30 mph).

It is supplied in 2.5M or 3.5M sizes. The minimum space required to fit the canopy is 3.5M or 4.5M square.

It comes with different kits depending on where you want to fit it.

Deck Kit This contains stainless steel cables and flush fittings to enable you to fit it to a deck in a couple of hours.

Lawn kit This contains nylon cables and pegs to enable you to fit the canopy to soft ground.
